PARTY EXPERTS DECLARE HOOVER PLAYS LOST FIGHT

May the 4th, in California
Will Tell the
Tale.

HOOVER MADE ERROR

Leaders Claim Mistake
Occurred in Going To
Republicans.

Washington, April 22.—Herbert Hoover is slowly but surely being pushed off the political map. Such is the lesson of the last few weeks as read by experts in both big parties.

Tuesday week, May 4, in California, they predict, will tell the tale. Either the obviously waning enthusiasm for the former food administrator will be revived by a victory in the primaries there over Hiram Johnson, else the end of the Hoover chapter has come for this campaign at least.

In California there are but two candidates, Hiram Johnson and Herbert Hoover. Both are native sons. Two tickets have been prepared, one for Johnson and one for Hoover, each bearing the names of 26 delegates.

The fight will be as clean as a whistle. Neither Senator Johnson nor Hoover will make speeches out there nor will they send any of their lieutenants to stump the state. If there is to be any campaigning at all it will be undertaken by volunteer local talent.

The result, it is felt at this distance, will be fairly conclusive.

Johnsonites here are thoroughly confident they have the situation in hand. They point out that in Minnesota Hoover ran fourth, in Michigan a poor third, and in Illinois where Johnson piled up 70,000 votes, according to latest figures. Hoover got a sparse 500. It is true that Hoover's name was not on the ballot and it had to be written in but this also applied to Johnson; his name had to be written in too.

The report that Hoover's name was not entered in time legally to be put on the California ticket was a misinterpretation of the news that Hoover's registration affidavit arrived too late to entitle him to cast his personal vote in the primaries. Hoovers name will appear on the ballot precisely as will Johnson's.

TRANSPORTATION BACK TO NORMAL; WATERS RECEDING LOCALLY

Transportation service was practically back to normal after fights with frequent washouts due to the heavy rains Tuesday and Wednesday morning.

The Dayton and Xenia interurban line, which has been giving service by relaying passengers from the washout near Alpha, resumed normal conditions Wednesday evening. The washout there, where part of the bridge abutment was torn away permitting the bridge to sag, has been repaired.

The Baltimore & Ohio railroad was still having trouble Thursday—a washout near Midland City, above Washington, C. H., tying up service on that road.

Service on the Pennsylvania Lines was back to normal Thursday after repeated washouts. The Pennsylvania detoured several trains from Dayton Wednesday over the Baltimore and Ohio tracks, but have now resumed through service on their own lines, a washout near Trebeins having been repaired.

The lake in the Ormsby addition formed by the heavy rains and the water backing up, was rapidly subsiding Thursday. The water stopped flowing over King street Wednesday, after the rain had ceased and a warm sun came out. There is still considerable water being carried by the little stream, which drains several miles of territory east of this city, but the water was rapidly getting back to normal.

FUNERAL SERVICES FOR MRS. JOHNSON

Many relatives and friends were in attendance at the last rites for Mrs. Warren Johnson, which were held Wednesday afternoon at the home of her sister, Mrs. D. H. Cherry, on W. Market street. The Rev. D. D. Dodds, janitor, officiated, and gave a discourse. Assisting in the service were the Rev. C. E. Bennett, the Rev. J. O. C. McCracken, and the Rev. H. C. Biddlecum.

Interment was made in Woodland cemetery. The pallbearers were nephews of the deceased, Herbert and Walter Nash, D. W. Cherry, H. H. Cherry, William Watt and Fleming Watt.

SUPREME COUNCIL READY TO USE FORCE TO ENFORCE TURKISH TREATY

San Remo, Italy, April 22.—It was officially announced that the supreme council of the allies is fully prepared to execute the Turkish treaty by military force, if necessary.

The council accepted a plan drawn for the employment of the allied armies by Marshal Foch, Field Marshal Sir Henry Wilson, British chief of staff, and General Badoglio, Italian chief of staff.

Two hundred thousand allied troops now are within the borders of the Turkish empire, strategically disposed, and these forces can be increased, if Turkish resistance develops so seriously, to any essential number. Greece will probably supply the largest number of troops.

Supplementary naval plans also were approved by the council to which Baron Beatty, commander of the British grand fleet, and Admiral Levassour, assistant to the chief of general staff of the French navy, explained the plans in person.

The treaty does not include the final arrangements for mandatory states. They will simply be cut apart from Turkey and disposed of by the supreme council in the future. The council has determined to leave Kurdistan a part of Turkish territory for a period of two years and then de-

ORDER ROUNDUP OF VIOLATIONS OF TAX RETURNS

Washington, April 22.—Despite the government's wartime appeal for tax payments as a patriotic duty, more than 300,000 firms and individuals failed to make honest returns under the revenue laws in the last two years, the bureau of internal revenue announced. In a six months' drive, which ended Feb. 1, \$19,051,000 in delinquent taxes were collected, Commissioner Williams reported.

"The amazingly large number" of persons who did not respond to the government appeal has caused treasury officials to consider the delinquent tax payment problem a grave one. A new roundup of alleged delinquents has been instituted to cover the tax period on which returns were made March 15.

Of the total delinquents, 131,386 had not paid any income taxes and an additional 44,260 did not pay the full amount of taxes due. From these two sources approximately \$11,000,000 was collected.

BANQUET AT CHURCH GIVES NEW WORLD MOVEMENT IMPETUS

The New World Movement project among the churches was given impetus at the banquet given by the First Baptist church Wednesday evening.

Lawrence Wagner presided at the meeting, and introduced the movement, introducing Frank L. Johnson, who spoke on "The Condition of the Old World and the Advent of the New World." Miss Letitia Dillencourt, spoke on "The Intellectual and Spiritual Training of Leaders Who Shall Serve the New World." H. S. Crossans described the American churches as "The Base of Supplies." Miss Lulu C. Quisenberry gave figures of "The Needs of Nations." Harlan Fudge spoke of "The Means of the Ministry" and the pastor, Rev. Albert Read conducted a "question box."

The Masonic Club rendered an entertaining musical program and the ladies of the church served a banquet.

BREAKS ARM AFTER FALL DOWN STAIRS

Tripping while descending the stairway at her home on South Detroit street, Mrs. M. J. Hartley fell seven steps of the flight, and sustained a fracture of the left arm at the wrist. She was taken to the McClellan hospital where the fracture was set after an X-ray picture was taken.

STEAMSHIP MAY BE LOST AT SEA

Boston, April 22.—"Sea covered with fuel oil, picked up name board William O'Brien; ship evidently sunk; searching for boats."

This message was received by the United States coast guard office by radio from the cutter Aconshuet today and told of the probable loss of the American woolen steamship William O'Brien, which sent distress calls Monday saying she was in a sinking condition with hatches blown away. The O'Brien carried 35 men and was coal barge.

side whether to leave it with Turkey or make it a separate province under a mandate.

France is making fresh proposals respecting Smyrna. The next session will settle the future of Adrianople and consider questions relating to Egypt, the Sudan and Cyprus.

The premiers decided to end the council Saturday. Many questions will be left unsettled, but each prime minister has internal problems at home demanding his attention.

GERMANY'S PLEA FOR BIG ARMY NOW REJECTED

Paris, April 22.—Berlin's proposal whereby Germany counted on training hundreds of thousands of soldiers, thus evading the military terms of the treaty was flatly rejected in a communication forwarded to Berlin today by the council of ambassadors.

The treaty provides that Germany's military forces shall consist only of volunteers enlisted for 12 years of which only five per cent shall be replaceable annually. Germany sought to avoid this provision with the counter proposal that she be permitted to discharge as many of the volunteers as she wished every six months, replacing them with fresh recruits.

The ambassadors decided it was not necessary to submit this proposal to the inter-allied supreme council at San Remo. It was pointed out in the rejection that it has been the experience of both the United States and Great Britain that only six months time was required to train an army and that, if Germany's request was granted it would give her an opportunity to train her whole male population.

French disappointment over the maneuvering at San Remo is increasing to such an extent that it is believed that the government would get strong support in the chamber of deputies if it withdrew its recent assurances to Great Britain and decided on a course of independent action in the future.

WARNING ISSUED TO OWNERS OF DOGS

Dog Catcher George Spencer, working under the new ordinance, advocated by city health authorities to prevent the spread of disease through dogs, which went into effect Wednesday, has captured a number of dogs, which have been permitted to run the streets without muzzles.

Dog owners are again warned by Chief of Police M. E. Graham that dogs must be either confined during the next ninety days or be muzzled if they are permitted on the streets. In case the regulation muzzles cannot be secured at the hardware stores, owners can have them made at a harness shop. If they are permitted to run the streets without muzzles, the dogs will be captured and killed.

BOLT PEACE MEETING

Four Thousand Chicago Switchmen Refuse to End the Strike.

Chicago, April 22.—Striking railway switchmen here refused to vote an end to their strike. Called to mass meeting by three leaders, 4,000 men left the hall five minutes after the meeting had been called to order. Failure of John Grunau, chief of the Chicago Yardsmen's association, to appear, caused the bolt. About 600 men remained in the hall. The bolters remained in the street to jeer those who desired to return to work.

Movement of freight and live stock in the Chicago yards was almost 75 per cent normal as switching crews continued to report for duty. Seven more strike leaders are under arrest. Two were sent to jail.

Grunau was released from jail at Joliet, Ill., today, after friends had deposited \$10,000 bond, and is expected to call a new meeting of striking switchmen to end the walkout.

DELAY LIKELY

In Settlement of Wage Demands of the Railroad Workers.

Washington, April 22.—The possibility of several months' delay in the settlement of the wage demands of the 2,000,000 railroad workers developed during discussions between the representatives of the roads and the brotherhoods before the railroad labor board. E. T. Whittier, chairman of the wage commission of the Association of Railway Executives, said considerable time would be required for the roads to gather necessary data to place before the board and that answers to a questionnaire sent out by his association could not be obtained under three months. L. E. Shepperd, president of the conductors' brotherhood, declared that since the dispute had been pending 16 months, the roads had had time in which to gather all necessary information. Other brotherhood officials urged early action to curb restlessness among the employees.

TO SPEAK IN XENIA

U. S. SENATOR W. G. HARDING

Senator Warren G. Harding, candidate for the Republican nomination for President, will speak in this city Friday morning.

According to word received here by Harding backers Wednesday, the Senator will deliver an address to an open air crowd in front of the Regal Hotel at eight o'clock.

Senator Harding is in Springfield today, where he is being entertained and will deliver an address. He will come to this city early Friday morning, and at 7:30 o'clock will make an address at Wilberforce University. He will come direct to this city from Wilberforce and he is scheduled to speak at eight o'clock.

Harding backers in this city are making preparations for his coming, although his stay here will be short. From here the presidential possibility will go to Washington, C. H., where he will speak Friday morning, and at noon he will deliver an address in Chillicothe.

PRESIDENT WILL REMAIN ON JOB IN WASHINGTON

Washington, April 22.—President Wilson is anxious to remain on the job.

The president has made rapid strides in physical improvement during the last two weeks and has shown such a desire to grasp the control of the administration, that it is not doubtful whether he will leave Washington for the summer unless the heat becomes too great. It was learned at the White House today.

The president is appearing better and is in better condition than at any time since his illness. It was learned from Dr. Grayson. The two meetings which the president has held with his cabinet have aroused an enthusiasm for work and he is now doing more of the detail work of the chief executive than he has done at any time since his illness.

A disposition to waver over the peace treaty and the international situation which the president showed some weeks ago and which caused his physicians some concern, is not apparent now, it was learned from those close to the White House. The chief executive is watching world events with intense interest but without allowing them to wear upon his physical strength.

No action on the peace treaty will be taken by the president until congress has made a move, his friends state. The president is watching carefully the peace resolution which is before the senate and it is expected that his next effort towards ratification of the treaty will be in connection with final action on this resolution and will be governed largely by the action taken by the senate.

CENSUS RETURN SHOWS INCREASE

Washington, April 22.—Preliminary population figures announced today by the census bureau were as follows:

Piqua, Ohio, 1920 population 15,044; increase since 1910 1,656 or 12.4 per cent.

Sidney, Ohio, 1920 population 8,590; increase since 1910, 1,983 or 30 per cent.

Gallion, Ohio, 1920 population 7,374; increase since 1910, 160 or 2.2 per cent.

Troy, Ohio, 1920 population 7,260; increase since 1910, 1,138 or 18.6 per cent.

Athens, Ohio, 1920 population 6,418; increase since 1910, 955 or 17.5 per cent.

FRENCH PREMIER NOW ACQUITTED

Paris, April 22.—Former Premier Joseph Caillaux was today acquitted of high treason against France and of communicating intelligence to the enemy in war time. The vote of the senators comprising the high court of justice was: For acquittal 213; against acquittal 28.

RAIL TIE-UP IN EAST FORMALLY SETTLED; STRIKERS LOSE RIGHTS

Washington, April 22.—The railroad strike, so far as the district of New York-New Jersey is concerned, is over, following an agreement between the railroad brotherhoods and the strikers. Official announcement to this effect was made by Edward McHugh, spokesman for the strikers.

Mr. McHugh said he had abandoned the effort to have the case of the New York men taken up separately by the railroad labor board and that his committee would return to New York, leaving their case in the hands of the leaders of the regular brotherhood. The strikers will return to work immediately, he added.

BRYAN ELECTED DELEGATE FOR THE DEMOCRATS

Omaha, Neb., April 22.—Returns show that William J. Bryan has gained enough votes in the count of the Nebraska Democratic primary to place him among the first four candidates for delegate-at-large to the San Francisco convention.

In the Bryan-Hitchcock race for delegates-at-large Bryan not only managed to get within the coveted four on the votes counted, but found one of his running mates there with him.

The incomplete figures show that Senator Hitchcock, seeking the presidential endorsement, was leading his opponent, Robert Ross, by almost three votes to one.

With one half of the precincts of the state reporting in Tuesday's state primaries, Senator Hiram Johnson has held his lead of the Republican presidential choice, with Major General Leonard Wood second and General Pershing third. His plurality for the state is estimated at between 25,000 and 30,000.

Of the 1,054 precincts out of 1,849 reporting, the Republicans secured Johnson 41,753; Wood 30,354; Pershing 19,860.

GEORGE W. STREIT DIES THURSDAY

George W. Streit, retired farmer, died at his home, 164 Hill street, at 8:35 Thursday morning. In ill health for the last two years, the result of a heart ailment, Mr. Streit was confined to his bed only during the last two weeks, an attack of influenza, with complications of heart trouble, causing his death.

Mr. Streit was born in West Virginia, and passed his sixty-eighth birthday anniversary last July 21. For thirty seven years his home was on a farm in the Eleazer neighborhood, which he left two years ago owing to ill health, and removed to Xenia to live.

He is survived by his widow, formerly Miss Ida M. Williamson, whom he married November 30, 1880, and a daughter, Mrs. Grace Borton, and a grandchild, Harold, a brother, Charles Streit, of Butler Ind., three half brothers and one half sister in West Virginia.

Funeral services will be held Saturday at 2 o'clock at the home. Interment in Woodland.

STORM VICTIMS NEED AID

Hundreds of Injured Require Immediate Medical Attention.

Birmingham, Ala., April 22.—Assistance from the outside world is urgently needed for the relief of tornado survivors in a dozen counties of Mississippi, Alabama and Tennessee, reports from the storm-swept district said. With a death toll of 155 already reported and a property loss which will run into many millions, the tornado has taken rank as one of the most disastrous as well as the most widespread in the annals of the south. The property loss is placed at \$2,000,000. Hundreds of injured require medical attention, and the forces of physicians and nurses available locally are inadequate to cope with the situation. Tents and other temporary structures must be erected for numerous families, whose homes were obliterated.

Flurry in Grain Market.

Chicago, April 22.—Excited selling smashed down prices yesterday afternoon on the board of trade almost as much as quotations were first hoisted at the beginning of the world war. Corn dropped nearly 9 cents a bushel, oats 6 cents and pork \$1.30. The flurry was due mainly to uneasiness regarding financial conditions.

Must Have Warrant For Search.

Marquette, Mich., April 22.—Any search and seizure by federal prohibition agents that would amount to trespass under constitutional law is illegal, Federal Judge Clarence W. Sessions stated during the trial of Sealsuol brothers, in connection with the Iron River "whisky rebellion."

Beer and Wine Bill Passed.

Boston, April 22.—A bill to legalize the sale in this state of beers and light wines with an alcoholic content of not more than 2.75 per cent was passed by the senate. The vote was 21 to 8. The measure has not yet been acted upon by the house.

notice would return to New York, leaving their case in the hands of the leaders of the regular brotherhood. The strikers will return to work immediately, he added.

Applications for hearings were filed with the railroad labor board by the United Engineers' association of Chicago and the Yardmen's associations of Cleveland, Columbus and Kansas City.

After a conference with the representatives of the four brotherhoods of railroad employees J. J. Mantell, spokesman for the Railroad General Managers' association, New York, announced that railroad employees who took part in the unauthorized strike will not be reinstated with their seniority rights. The returning workmen will be registered as new employees, Mr. Mantell said.

This announcement was issued after representatives of the railroad brotherhoods had spent several hours in an unsuccessful attempt to obtain an extension of the railroads' ultimatum which expired Sunday at noon. The brotherhood chiefs sought to gain an extension.

In announcing that strikers who return will be registered as new employees, Mr. Mantell said: "It will be a case of first come, first served. Men will be assigned to runs in the order in which they report for duty, he added.

CARRANZA HAS BEEN DESERTED BY HIS ARMY

Washington, April 22.—Reports received here from Mexico told of further defections from the ranks of Carranza adherents. Advice to the state department said that General Fortunato Maycat had joined the Obregonistas with his entire command, which has been operating in the border country between the states of Morelos, Michoacan and Guerrero.

A short distance west of Mexico City, Obregon, General Benjamin Hill and a number of friendly officials who recently fled from Mexico City are with Maycat's command, which consists of three regiments of cavalry and two of artillery.

Private advices from the border said that General Arnulfo Gomez, with 3,000 men, had occupied Tuxpan and was threatening Tampico. These advices also declared that Colonel Rodolfo Gallegos and 400 men in Linares, Nuevo Leon, had declared in favor of Sonora, as had Generals Albuindio Gomez and Amaro Durango in Chihuahua.

WOMEN HURT WHEN STREET CAR HITS AUTO AT CROSSING

Two women were injured, neither seriously, it is believed, when a touring car owned and driven by Nathan L. Ramsey of the Clifton pike, near Cedarville, was struck by the local street car at Main and Columbus streets, about 4:25 Wednesday afternoon.

Mrs. Ramsey and Mrs. Rebecca McCampbell, who were seated in the tonneau of the automobile received minor injuries. Mrs. Ramsey sustained a severe gash over the left eye, and was scratched, bruised and shaken. She was taken to the McClellan hospital. Mrs. McCampbell was removed to the Espey hospital where it was found that her injuries were to the chest and abdomen. Whether there were internal injuries or merely bruises cannot be ascertained for a few days.

The accident occurred when Mr. Ramsey drove his machine directly in front of the car, which he said that he did not see until he was on the track. The car struck the rear of the automobile, which was badly damaged. Mrs. Ramsey was thrown against the bow of the car, which caused the cut in her head.

The Nagley ambulance was called and removed both women to the hospitals. Dr. A. D. DeHaven who happened to pass the scene of the accident accompanied Mrs. McCampbell to the hospital.

The Ramsey car was being driven north on Columbus street, and the street car in charge of Motorman Bert Morris, was travelling east on Main street. Mr. Ramsey said that he was watching some other vehicles and failed to see the approaching street car. Mrs. McCampbell, who lives in the McClain apartments on Galloway street, was accompanying the Ramseys home for a visit.

PLACE MEXICO IN MARTIAL LAW

San Antonio, Tex., April 22.—Mexico may be placed under martial law. President Carranza, according to authentic advices just received here, has asked the permanent combination of the Mexican congress to suspend "individual guarantees" until the revolutionary movement in Sonora and other states has been put down.

SEVERE REVERSAL IN CLOSING HOUR OF STOCK MARKET

Leading Issues Decline
Five to Fifteen Points
Wednesday.

HEAVY LIQUIDATION

Continued Unsettled Condition at Opening Thursday.

New York, April 22.—The stock market continued unsettled at the opening today with price changes very erratic. Steel common sold up to 98 7-8 but quickly yielded one point to 97 7-8. General Motors rose 5 points to 280 then lost this upturn, big rally again to 285.

Baldwin Locomotive rose 2 points to 117, while Crucible Steel after advancing 2 points to 234 fell to 231. Republic steel ranged between 99 1-4 and 100 1-4. The so-called Ryan issues, Vanadium and Replough were in demand, the former advancing 5 points and the latter over 2 points.

Sinclair dropped 3-4 to 34 1-2. Studebaker rose 1-4 to 109; Pierce Arrow 3 points to 64 3-4. U. S. Rubber 2 points to 100 1-2 and Corn Products 1 1-2 to 97 1-2.

The rails generally showed fractional gains.

New York, April 22.—In one of the most severe reversals of the year, leading issues on the stock market, especially those of a speculative character, declined 5 to 15 points yesterday, while General Motors dropped 42 1/2 points to 275. Heavy liquidation set prices tumbling.

The big crash came in the final hour, when nearly one-third of the day's extensive turnover of more than 2,000,000 shares took place. So great was the rush to sell that the ticker was 15 to 20 minutes behind in reporting transactions.

Sympathetic action marked the trading in the cotton market here and in the grain and provision markets in Chicago. There was a break of more than 45 a bale in the cotton market, attributed to prospects of better weather in the cotton belt and the failure of the bullish crop advices to stimulate buying.

A canvass of leading financial institutions here brought forth assurances that only a moderate amount of loans had been called in the natural course of the day's business. It was intimated, however, that further curtailment of credits was in progress, this being in accord with the long and broad policy of the federal reserve board.

United States steel fell below par for the first time since the third week in March, declining to 98 3/4, a loss of 2 1/2 points. There has been a steady liquidation of steel stock ever since Chairman Gary's announcement that no immediate "stock dividend" is contemplated.

Baldwin Locomotive dropped 1 to 3 points between sales, reacting to 115, a loss of nearly 15 points. Pierce Arrow, Studebaker and Chandler Motors, with allied specialties, and Mexican and Pan-American Petroleum, with related oils, American Woolen and Crucible Steel also were featured in the collapse, dropping 5 to 8 points.

The severe reaction also affected liberty bonds, which fell to the lowest prices yet recorded. Some of the issues dropped to levels where they represent an interest return of almost 7 per cent.

Foreign exchange rates yielded with the rest of the market. Demand sterling dropped nearly 4 cents and franc checks nearly 30 centimes with sympathetic declines in other European issues.

SPRINGFIELD LAD DROWNED WHEN CANOE CAPSIZES

Robert Evans, 19, 1213 Pleasant street, Springfield, was drowned, Herbert Linkincocker and Lester Poling, saved themselves by swimming to trees, when the boat in which they were riding in the flood waters of Mad River capsized Wednesday.

The body of the drowned boy has not been recovered. Friends since boyhood, the three young men decided to take a canoe ride, and for a time paddled around in the tame water near the shore. When they attempted to cross the stream, the swift current caught the canoe and capsized it.

ORDER ROUNDUP OF VIOLATIONS OF TAX RETURNS

Washington, April 22.—Despite the government's wartime appeal for tax payments as a patriotic duty, more than 300,000 firms and individuals failed to make honest returns under the revenue laws in the last two years, the bureau of internal revenue announced. In a six months' drive, which ended Feb. 1, \$19,061,000 in delinquent taxes were collected, Commissioner Williams reported.

"The amazingly large number" of persons who did not respond to the government appeal has caused treasury officials to consider the delinquent tax payment problem a grave one. A new roundup of alleged delinquents has been instituted to cover the tax period on which returns were made March 15.

Of the total delinquents, 131,386 had not paid any income taxes and an additional 44,260 did not pay the full amount of taxes due. From these two sources approximately \$11,000,000 was collected.

BANQUET AT CHURCH GIVES NEW WORLD MOVEMENT IMPETUS

The New World Movement project among the churches was given impetus at the banquet given by the First Baptist church Wednesday evening.

Lawrence Wagner presided at the meeting, and forwarded the movement, introducing Frank L. Johnson, who spoke on "The Condition of the Old World and the Advent of the New World." Miss Letitia Dillencourt, spoke on "The Intellectual and Spiritual Training of Leaders Who Shall Serve the New World." H. S. Crossans described the American churches as "The Base of Supplies." Miss Lulu C. Quisenberry gave figures of "The Needs of Nations." Harlan Fudge spoke of "The Means of the Ministry" and the pastor, Rev. Albert Read conducted a "question box."

The Masonic Club rendered an entertaining musical program and the ladies of the church served a banquet.

BREAKS ARM AFTER FALL DOWN STAIRS

Tripping while descending the stairway at her home on South Detroit street, Mrs. M. J. Hartley fell seven steps of the flight, and sustained a fracture of the left arm at the wrist. She was taken to the McClellan hospital where the fracture was set after an X-ray picture was taken.

STEAMSHIP MAY BE LOST AT SEA

Boston, April 22.—"Sea covered with fuel oil, picked up name board William O'Brien; ship evidently sunk; searching for boats."

This message was received by the United States coast guard office by radio from the cutter Anshelm today and told of the probable loss of the American woolen steamship William O'Brien, which sent distress calls Monday saying she was in a sinking condition with hatches blown away. The O'Brien carried 35 men and was coal-burner.

U. S. SENATOR W. G. HARDING

TO SPEAK IN XENIA

Senator Warren G. Harding, candidate for the Republican nomination for President, will speak in this city Friday morning.

According to word received here by Harding backers Wednesday, the Senator will deliver an address to an open air crowd in front of the Regal Hotel at eight o'clock.

Senator Harding is in Springfield today, where he is being entertained and will deliver an address. He will come to this city early Friday morning, and at 7:30 o'clock will make an address at Wilberforce University. He will come direct to this city from Wilberforce and he is scheduled to speak at eight o'clock.

Harding backers in this city are making preparations for his coming, although his stay here will be short. From here the presidential possibility will go to Washington C. H., where he will speak Friday morning, and at noon he will deliver an address in Chillicothe.

PRESIDENT WILL REMAIN ON JOB IN WASHINGTON

Washington, April 22.—President Wilson is anxious to remain on the job.

The president has made rapid strides in physical improvement during the last two weeks and has shown such a desire to grasp the control of the administration, that it is not doubtful whether he will leave Washington for the summer unless the heat becomes too great. It was learned at the White House today.

The president is appearing better and is in better condition than at any time since his illness. It was learned from Dr. Grayson. The two meetings which the president has held with his cabinet have aroused an enthusiasm for work and he is now doing more of the detail work of the chief executive than he has done at any time since his illness.

A disposition to worry over the peace treaty and the international situation which the president showed some weeks ago and which caused his physicians some concern, is not apparent now, it was learned from those close to the White House. The chief executive is watching world events with intense interest but without allowing them to wear upon his physical strength.

No action on the peace treaty will be taken by the president until congress has made a move, his friends state. The president is watching carefully the peace resolution which is before the senate and it is expected that his next effort towards ratification of the treaty will be in connection with final action on this resolution and will be governed largely by the action taken by the senate.

WARNING ISSUED TO OWNERS OF DOGS

Dog Catcher George Spencer, working under the new ordinance, advocated by city health authorities to prevent the spread of disease through dogs, which went into effect Wednesday, has captured a number of dogs, which have been permitted to run the streets without muzzles.

Dog owners are again warned by Chief of Police M. E. Graham that dogs must be either confined during the next ninety days or be muzzled if they are permitted on the streets. In case the regulation muzzles cannot be secured at the hardware stores, owners can have them made at a harness shop. If they are permitted to run the streets without muzzles, the dogs will be captured and killed.

BOLT PEACE MEETING

Four Thousand Chicago Switchmen Refuse to End the Strike.

Chicago, April 22.—Striking railway switchmen here refused to vote an end to their strike. Called to mass meeting by three leaders, 4,000 men left the hall five minutes after the meeting had been called to order. Failure of John Grunau, chief of the Chicago Yardmen's association, to appear, caused the bolt. About 600 men remained in the hall. The bolters remained in the street to jeer those who desired to return to work.

Movement of freight and live stock in the Chicago yards was almost 75 per cent normal as switching crews continued to report for duty. Seven more strike leaders are under arrest. Two were sent to jail.

Grunau was released from jail at Joliet, Ill., today, after friends had deposited \$10,000 bond, and is expected to call a new meeting of striking switchmen to end the walkout.

DELAY LIKELY

In Settlement of Wage Demands of the Railroad Workers.

Washington, April 22.—The possibility of several months' delay in the settlement of the wage demands of the 2,000,000 railroad workers developed during discussions between the representatives of the roads and the brotherhoods before the railroad labor board. E. T. Whittier, chairman of the wage commission of the Association of Railway Executives, said considerable time would be required for the roads to gather necessary data to place before the board and that answers to a questionnaire sent out by his association could not be obtained under three months. L. E. Sheppard, president of the conductors' brotherhood, declared that since the dispute had been pending 16 months, the roads had had time in which to gather all necessary information. Other brotherhood officials urged early action to curb restlessness among the employees.

FRENCH PREMIER NOW ACQUITTED

Paris, April 22.—Former Premier Joseph Caillaux was today acquitted of high treason against France and of communicating intelligence to the enemy in war time. The vote of the senators comprising the high court of justice was: For acquittal 213; against acquittal 28.

RAIL TIE-UP IN EAST FORMALLY SETTLED; STRIKERS LOSE RIGHTS

Washington, April 22.—The railroad strike, so far as the district of New York-New Jersey is concerned, is over, following an agreement between the railroad brotherhoods and the strikers. Official announcement to this effect was made by Edward McHugh, spokesman for the strikers. Mr. McHugh said he had abandoned the effort to have the case of the New York men taken up separately by the railroad labor board and that his committee would return to New York, leaving their case in the hands of the leaders of the regular brotherhood. The strikers will return to work immediately, he added.

Applications for hearings were filed with the railroad labor board by the United Engineers' association of Chicago and the Yardmen's associations of Cleveland, Columbus and Kansas City.

After a conference with the representatives of the four brotherhoods of railroad employees J. J. Mantell, spokesman for the Railroad General Managers' association, New York, announced that railroad employees who took part in the unauthorized strike will not be reinstated with their seniority rights. The returning workmen will be registered as new employees, Mr. Mantell said.

This announcement was issued after representatives of the railroad brotherhoods had spent several hours in an unsuccessful attempt to obtain an extension of the railroads' ultimatum which expired Sunday at noon. The brotherhood chiefs sought to gain an extension.

In announcing that strikers who return will be registered as new employees, Mr. Mantell said: "It will be a case of first come, first served." Men will be assigned to runs in the order in which they report for duty, he added.

BRYAN ELECTED DELEGATE FOR THE DEMOCRATS

Omaha, Neb., April 22.—Returns show that William J. Bryan has gained enough votes in the count of the Nebraska Democratic primary to place him among the first four candidates for delegate-at-large to the San Francisco convention.

In the Bryan-Hitchcock race for delegates-at-large Bryan not only managed to get within the coveted four on the votes counted, but found one of his running mates there with him.

The incomplete figures show that Senator Hitchcock, seeking the presidential endorsement, was leading his opponent, Robert Ross, by almost three votes to one.

With one half of the precincts of the state reporting in Tuesday's state primaries, Senator Hiram Johnson has held his lead of the Republican presidential choice, with Major General Leonard Wood second and General Pershing third. His plurality for the state is estimated at between 25,000 and 30,000.

Of the 1,054 precincts out of 1,849 reporting, the Republicans secured Johnson 41,753; Wood 30,354; Pershing 19,860.

CARRANZA HAS BEEN DESERTED BY HIS ARMY

Washington, April 22.—Reports received here from Mexico told of further defections from the ranks of Carranza adherents. Advice to the state department said that General Fortunato Maycote had joined the Obregonistas with his entire command, which has been operating in the border country between the states of Morelos, Michoacan and Guerrero, a short distance west of Mexico City. Obregon, General Benjamin Hill and a number of friendly officials who recently fled from Mexico City are with Maycote's command, which consists of three regiments of cavalry and two of artillery.

Private advices from the border said that General Arnulfo Gomez, with 3,000 men, had occupied Tuxpan and was threatening Tampico. These advices also declared that Colonel Rodolfo Gallegos and 400 men in Linares, Nuevo Leon, had declared in favor of Sonora, as had Generals Albuino Gomez and Amaro Durango in Chihuahua.

WOMEN HURT WHEN STREET CAR HITS AUTO AT CROSSING

Two women were injured, neither seriously, it is believed, when a touring car owned and driven by Nathan L. Ramsey of the Clifton pike, near Cedarville, was struck by the local street car at Main and Columbus streets, about 4:25 Wednesday afternoon.

Mrs. Ramsey and Mrs. Rebecca McCampbell, who were seated in the trolley of the automobile received minor injuries. Mrs. Ramsey sustained a severe gash over the left eye, and was scratched, bruised and shaken. She was taken to the McClellan hospital. Mrs. McCampbell was removed to the Espey hospital, where it was found that her injuries were to the chest and abdomen. Whether there were internal injuries or merely bruises cannot be ascertained for a few days.

The accident occurred when Mr. Ramsey drove his machine directly in front of the car, which he said that he did not see until he was on the track. The car struck the rear of the automobile, which was badly damaged. Mrs. Ramsey was thrown against the bow of the car, which caused the cut in her head.

The Nagley ambulance was called and removed both women to the hospitals. Dr. A. D. DeHaven who happened to pass the scene of the accident, accompanied Mrs. McCampbell to the hospital.

The Ramsey car was being driven north on Columbus street, and the street car in charge of Motorman Bert Morris, was traveling east on Main street. Mr. Ramsey said that he was watching some other vehicles and failed to see the approaching street car. Mrs. McCampbell, who lives in the McClellan apartments on Galloway street, was accompanying the Ramseys home for a visit.

STORM VICTIMS NEED AID

Hundreds of Injured Require Immediate Medical Attention.

Birmingham, Ala., April 22.—Assistance from the outside world is urgently needed for the relief of tornado survivors in a dozen counties of Mississippi, Alabama and Tennessee, reports from the storm-swept district said. With a death list of 155 already reported and a property loss which will run into many millions, the tornado has taken rank as one of the most disastrous as well as the most widespread in the annals of the south. The property loss is placed at \$2,000,000. Hundreds of injured require medical attention, and the forces of physicians and nurses available locally are inadequate to cope with the situation. Tents and other temporary structures must be erected for numerous families, whose homes were obliterated.

FLURRY IN GRAIN MARKET.

Chicago, April 22.—Excited selling smashed down prices yesterday afternoon on the board of trade almost as much as quotations were first hoisted at the beginning of the world war. Corn dropped nearly 9 cents a bushel, oats 6 cents and pork \$1.30. The flurry was due mainly to uneasiness regarding financial conditions.

MUST HAVE WARRANT FOR SEARCH.

Marquette, Mich., April 22.—Any search and seizure by federal prohibition agents that would amount to trespass under constitutional law is illegal, Federal Judge Clarence W. Sessions stated during the trial of Scaloucci brothers, in connection with the Iron River "whisky rebellion."

Beer and Wine Bill Passed.

Boston, April 22.—A bill to legalize the sale in this state of beers and light wines with an alcoholic content of not more than 2.75 per cent was passed by the senate. The vote was 21 to 8. The measure has not yet been acted upon by the house.

SEVERE REVERSAL IN CLOSING HOUR OF STOCK MARKET

Leading Issues Decline
Five to Fifteen Points
Wednesday.

HEAVY LIQUIDATION

Continued Unsettled Condition at Opening Thursday.

New York, April 22.—The stock market continued unsettled at the opening today with price changes very erratic. Steel common sold up to 98 7-8 but quickly yielded one point to 97 7-8. General Motors rose 5 points to 280 then lost this upturn, but rallied again to 285.

Baldwin Locomotive rose 2 points to 117, while Crucible Steel after advancing 2 points to 234 fell to 231. Republic steel ranged between 99 1-4 and 100 1-4. The so-called R-Jan issues, Vanadium and Replogle were in demand, the former advancing 5 points and the latter over 2 points.

Sinclair dropped 3-4 to 34 1-2. Studebaker rose 1-4 to 109; Pierce Arrow 3 points to 64 3-4. U. S. Rubber 2 points to 100 1-2 and Corn Products 1-2 to 97 1-2.

The rails generally showed fractional gains.

New York, April 22.—In one of the most severe reversals of the year, leading issues on the stock market, especially those of a speculative character, declined 5 to 15 points yesterday, while General Motors dropped 4 1/2 points to 275. Heavy liquidation set prices tumbling.

The big crash came in the final hour, when nearly one-third of the day's extensive turnover of more than 2,000,000 shares took place. So great was the rush to sell that the ticker was 15 to 20 minutes behind in reporting transactions.

Sympathetic action marked the trading in the cotton market here and in the grain and provision markets in Chicago. There was a break of more than \$5 a bale in the cotton market, attributed to prospects of better weather in the cotton belt and the failure of the bullish crop advices to stimulate buying.

A canvass of leading financial institutions here brought forth assurances that only a moderate amount of loans had been called in the natural course of the day's business. It was intimated, however, that further curtailment of credits was in progress, this being in accord with the long and broad policy of the federal reserve board.

United States steel fell below par for the first time since the third week in March, declining to 98 1/2, a loss of 2 1/2 points. There has been a steady liquidation of steel stock ever since Chairman Gary's announcement that no immediate "stock dividend" is contemplated.

Baldwin Locomotive dropped 1 to 3 points between sales, reacting to 115, a loss of nearly 15 points. Pierce Arrow, Studebaker and Chandler Motors, with allied specialties, and Mexican and Pan-American Petroleum, with related oils, American Woolen and Crucible Steel also were featured in the collapse, dropping 5 to 8 points.

The severe reaction also affected liberty bonds, which fell to the lowest prices yet recorded. Some of the issues dropped to levels where they represent an interest return of almost 7 per cent.

SPRINGFIELD LAD DROWNED WHEN CANOE CAPSIZES

Robert Evans, 19, 1213 Pleasant street, Springfield, was drowned, Herbert Linkinholer and Lester Poling, saved themselves by swimming to trees, when the boat in which they were riding in the flood waters of Mad River capsized Wednesday.

The body of the drowned boy has not been recovered. Friends since boyhood, the three young men decided to take a canoe ride, and for a time paddled around in the tame water near the shore. When they attempted to cross the stream, the swift current caught the canoe and capsized it.

SCALE COMMITTEE TO DECIDE

Martins Ferry, April 22.—Eastern Ohio miners and mine owners meeting here today referred the formation of a new scale to a joint committee composed of miners and operators. The scale committee must report within 15 days.

FARM BUREAU HOLDS MANY MEETINGS IN GREENE COUNTY

The month of March was marked by the tremendous number of meetings held in Greene County, by the Greene County Farm Bureau. Ten of these were on fly campaigns, two on poultry work, one was the annual meeting, four were held in the office on Saturday and the remainder were held in the various community centers.

During the month boys and girls club work was started with the following clubs: Two poultry clubs, one pig club, one beef calf club and one dairy calf club. In the dairy calf club work we are cooperating with the Montgomery County Rural Y. M. C. A. Secretary.

The fly campaign was of great interest to Greene County farmers. This was held the third week in March, in cooperation with T. H. Parks, extension entomologist. Week meetings were held during that week on the campaign, the meetings scheduled for one day being partial failure on account of rain. The meeting which was not attended was held on Thursday of the following week.

These meetings were held to examine early and late seeded fields of wheat. It was found that wheat seeded September 25, 26 and 27 was nearly destroyed. Wheat seeded September 29 and 30 had a little fly and wheat seeded October following practically fly free. So successful were these meetings in proving to the farmers that it is the early sown wheat which the fly infests and the cause of the large majority of the trouble at harvest time, that it is felt it will be much easier next fall to have farmers conform to a seeding date.

Much infested wheat is being plowed up according to recommendation.

Two poultry meetings were held during the month in cooperation with E. L. Dakan. One of these was well attended. Interest in poultry seems to be on the increase.

During the month much interest has been aroused in farmers' elevators in Greene county. Some of these are a direct result of interest in marketing aroused in the Farm Bureau. There are two companies which have already organized this spring and three others on the way. Three days during the month were spent in returning Farm Management records taken in the survey last August.

A number of calls were made during the month, incident to the fly campaign, to give advice about taking care of fly infested wheat. An attempt to organize the Jersey breeders during the month, failed on account of lack of attendance. The postponed meeting will be held in April.

The annual meeting was well attended. Addresses were given by Dean Alfred Vivian and O. E. Bradfute; 625 members to Greene County Farm Bureau were reported. A campaign for increased use of Acid Phosphate has been planned for the first week in April.

OLDEST MINNESOTA MAN DIES.

Little Falls, Minn., April 22.—Layman Warren Ayer, 86, said to have been the first white child born in Minnesota, died last night of heart disease. He was born in June, 1834, in what is now Pine County. He fought in the civil war, later becoming prominent as a surveyor and author.

Appearing in blue denim trousers, the bottoms of which were rolled well up above their high-heeled pumps, the young women created

something of a sensation and had a large following as they tripped gaily along the corridors. The drabness

of the uniforms was relieved by multicolored silk waists and silk stockings.

Children's Ailments

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

Sulphurb Tablets, a Mild, Efficient Formula, Gains Wide Popularity in Recent Years

A "young" woman, seventy-seven years old, writes: "I am taking Sulphurb Tablets, and I think they are splendid remedy for constipation. I am seventy-seven years old and have tried many remedies but have found none as effective as this. I am recommending them to all my friends suffering from the effects of constipation. They are not only laxative, but a fine tonic also, I feel much better and stronger since I began to take them. Sincerely and gratefully yours,"

(Mrs.) Ellen A. Bennick, Cambridge, Mass.

Sulphurb Tablets (not sulphur tablets) are composed of sulphur, cream of tartar and the fine extracts of roots and herbs, and are surely suited for children or adults to overcome the ills that follow a dormant state, constipated bowels and inactive kidneys. Headaches, backaches, dizzy spells, pimples, rash, boils, nervousness, all follow the train of irregular elimination of impurities. A week's treatment will please and gratify the most skeptical. Sold by leading druggists everywhere at 60c per tube.

To Have An Abundance Of Good, Rich, Red Blood

Take Evans' Triple Phosphates. This spring to drive out win-azuripities, stimulate the appetite and aid digestion.

Take a regular dose three times a day, before meals and at bedtime. In one week you'll look on life with a feeling altogether different—strong, vigorous and full of priceless ambition. Get Evans' Triple Phosphates into your blood as quickly as you can, is the best advice in the world. Its regular use banishes pimple, scrofula and other blood disorders, while for Chills, Indigestion, Malaria and to make you eat, sleep and work better, your druggist will tell you it is supremely excellent.

YOUNG PEOPLE WED AT PARSONAGE.

Glenn H. Thompson and Miss Sarah L. Miller were united in marriage by the Rev. G. C. Foltz, the bride's pastor at the M. P. Parsonage at Bowersville, last Saturday morning.

They were accompanied by Mr. and Mrs. Raymond Miller. The bridegroom who is a World War Veteran is a prosperous young man and is the son of Mr. and Mrs. E. C. Thompson of Wilmington.

The bride who is a very lovely girl is the youngest daughter of Mrs. Ella Miller of Paintersville. She was attired in a gown of flesh colored georgette with hat to match. After the ceremony Mr. and Mrs. Thompson left on a short wedding trip. The bride wore away a blue silvertone suit with hat to match.

Reduce Weight Easily Now

Do you wish to become slender, graceful, healthier, happier? Eat all you need, but chew your food thoroughly, get fresh air and use oil of korein, while following easy rules of korein system.

Oil of korein may be obtained from the druggist. This preparation is absolutely harmless, pleasant to take and is purposed (in connection with the other simple directions) to reduce fatty accumulations in the system. There is \$100 guarantee that you will reduce all you need to, or no cost to you for the oil of korein.

Reduce, purify abdomen, double chin, large limbs, obese hips and other over-stout parts of the body.

Before and After treatment has been reported to show a noticeable reduction in weight. Footsteps become lighter, the skin more firm and smoother in appearance, work seems easier, and a buoyant feeling takes possession of the whole being as superfluous, unhealthy fat disappears.

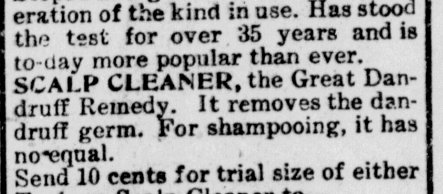

If you are ten to sixty pounds over normal weight, begin reducing now.

Buy a small box of oil of korein at any busy drug store. Or you may receive brochure free by writing to

MRS. ROBERT LYTLE DIES FOLLOWING A LONG ILLNESS TODAY

After an illness lasting over 24 weeks, Mrs. Elizabeth Lytle, widow of Robert Lytle, and a well known and life long resident of Xenia, died at her home on East Main street at 11:15 o'clock Thursday morning.

Death was due to pneumonia and a general weakness which followed a broken hip which she sustained when she fell in her home some time ago.

Mrs. Lytle was before her marriage, Miss Elizabeth Monroe, the daughter of George and Martha Monroe. She was born in this city and had lived all of her life in the home in which she died on East Main street. She was past eighty years of age at the time of her death.

Two sisters preceded her in death some time ago, and her husband, the late Robert Lytle, passed away 13 years ago. There were no children, and the nearest surviving relatives are her two brothers-in-law, J. B. Watt, of Chicago, who came here a week ago and has been here ever since, and Dr. J. W. Witherspoon of Pittsburgh. She leaves the following nieces and nephews, Mrs. Charles Benson of Boston, Mass. Kenneth Watt of Montreal, Canada; Dr. Walter Witherspoon of Farmersville Pa., and Ralph Witherspoon of Pittsburgh.

Mrs. Lytle was a member of the Second United Presbyterian church in this city. Funeral services will be held at the late home on East Main street, Saturday afternoon at three o'clock and burial will be made in Woodland cemetery.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vicks' VapoRub will aid nature in relieving this inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 233 Broad Street, Greensboro, N. C.

ONE LITTLE PIMPLE SPOILS A BEAUTIFUL FACE

No matter how perfect the features, how radiant the complexion, just one little pimple will spoil it all. Not always can these little facial blemishes be prevented for they may be caused by the too frequent use of irritating soaps, powders, rouge or possibly impure blood.

Every care should be taken to preserve the skin, especially the face, neck, arms and hands. Only the purest and best sterilized toilet soap should be used to cleanse the skin, and when a face powder must be employed, one of the highest quality should be selected.

When a pimple pops out on your face, you don't have to remain indoors or try to hide it. Simply touch the little spot with BLACK and WHITE Ointment and it will vanish almost like magic. This little aid to beauty should be kept on every woman's dressing table, because it is a necessary toilet requisite for removing other facial blemishes such as rough, blotchy, sallow skin. The way it clears the complexion is marvelous.

BLACK and WHITE Soap should always be used with the Ointment. Both are sold and guaranteed by all good drug stores at 25c each a package, or the manufacturers will send postpaid on receipt of 50c.

A sample of BLACK and WHITE Ointment, literature and BLACK and WHITE Birthday and Dream Book sent free if you will clip and mail this advertisement to BLACK and WHITE, Box 913, Memphis Tenn.

A HUGE BILL FOR THE PUBLIC TO PAY FOR THE LATE "ILLEGAL" STRIKE.

The strike mania is so "catching" that it seems to require only a spark to start a great conflagration—as in the case of the railroad one started at Chicago a couple of weeks ago—and which is now acknowledged to have been an "illegal" one, by the revoking of the charters of three lodges of the Brotherhood of Railroad Trainmen.

This unauthorized strike of yard and terminal employees, promises to pile up a huge bill for the American public to pay. With the roads guaranteed their standard rental for six months from March 1, the government will be compelled to take the loss of the strike and add it to deficit of nearly \$300,000,000 piled up in the period from November 1 to April 1.

The public, made up, as it is, of workers of all degrees and capacity who have shown a commendable desire to keep things normal by continuing at work even when the strike of the railway workers has made such continuation a matter of daily inconvenience and physical penalties, will not be much impressed by the various statements issued by the men on strike as to their reasons for quitting their jobs. As a matter of fact, the explanations don't explain. All sorts of workers, including teachers above all, have real grievances, and are suffering from the failure of those responsible to meet their demands and adjust their compensation within some reasonable ratio of the cost of living. Yet they remain at work, while the railroad workers who rashly entered in upon what universal opinion views as an indefensible strike are out in loud excuses as to their right to do this in the face of the grave situation their action set up and also in face of the fact that, taking them on the whole, the railroad workers of the country have been better treated in the matter of wage increases than any other form of labor in the country.

THE ASTONISHING PROFITS IN THE AUTOMOBILE INDUSTRY.

Reflecting the enormous demand for automobiles in 1919 and the continued heavy buying into the present year, the report of the General Motors Corporation, for the twelve months ended December 31 last, just submitted to stockholders, shows the largest earnings ever recorded in its history, far exceeding those for the twelve preceding months. After all allowances there were undivided profits of \$55,792,971, equal, approximately, to \$25 on each share of the \$153,411,000 of common stock. These figures compare with undivided profits of \$12,905,063 at the close of 1918.

The report says: "The year just closed was the most successful in the history of the corporation. There is no diminution in the demand for your product, the number of passenger cars, trucks and tractors sold for the first quarter of 1920 being 119,779, as compared with 82,456 for the corresponding period of the preceding year, an increase of 45.2 per cent. Net profits for this period, before deducting federal taxes, are estimated at upward of \$26,500,000."

Including its share of returns of subsidiaries, net profits for 1919 were \$90,517,519, against \$35,504,576 in 1918. These figures are arrived at after deducting all expenses.

Dividends on the preferred and debenture stock required \$4,212,512, leaving \$55,792,971 applicable to dividends on the common shares, of which amount \$17,324,541 or at the rate of 12 per cent per annum, was paid.

Net sales of the corporation and its subsidiaries in 1919 amounted to \$509,676,694, compared with \$326,044,755 in 1918, an increase of \$183,631,938, or 56.3 per cent. The number of passenger cars, trucks and tractors sold was 406,158, as compared with 246,834 for the previous year, an increase of 64.5 per cent.

Payrolls for 1919 totaled \$104,380,000. The number of employees was 85,980. This compares with 49,118 at the close of the preceding year.

The number of stockholders is in excess of 24,100, of whom 6,650 are employees.

A recent London dispatch says: "According to the American Chamber of Commerce here, the General Motors Co., Ltd., one of the largest motormaking organizations in the United States, has decided on an immediate reduction in the prices of its standard models. The chassis and cars affected by this decision are the Buick and Oldsmobile, and the company has taken a step which is without precedent in the motor industry in that it made the reduction retrospective from February 10. Consequently all purchasers of such cars from that date will receive a refund of £70."

"The British motor industry members have received the announcement with mixed feelings, as the competition they are now facing will be greatly intensified, for, as the chamber points out, manufacturers in America have laid down 1,000,000 cars as their export program for this year."

Ordinance No. 116

An ordinance directing the City Manager to assess and collect from time to time a water rent of sufficient amount to pay all operating expenses of the waterworks system to be purchased from the Xenia Water Company and to provide a surplus sufficient for the payment of the interest upon the bonds issued for the purchase of said waterworks and for the creation of a sinking fund for the liquidation of said bonds and pledging surplus for the payment of such interest and bonds.

WHEREAS, on the 11th day of December, 1919, the City Commission of the City of Xenia, Ohio, by ordinance No. 84, duly adopted, on said date, authorizing the issuance of \$325,000 for the purpose of purchasing and extending waterworks for supplying water to the corporation and the inhabitants thereof, to-wit: the plants and equipment of the Xenia Water Company, which ordinance was amended by Ordinance No. 29, duly adopted by said Commission on the 26th day of February, 1920, and

WHEREAS, said bonds will exceed the net indebtedness of the City as prescribed by Section 3948G. C. unless the income from such waterworks is sufficient to cover the cost of all operating expenses, interest charges, and to pass a sufficient amount to a sinking fund to retire such bonds when they become due, as provided by Section 3949 G. C., and

WHEREAS, it is therefore necessary that water rents of sufficient amount be charged to cover such cost of operating expenses, interest charges and sinking funds, and

WHEREAS, by reason of the said facts and to provide for the necessary daily operation of the public utility to be purchased by the proceeds of said bonds there exists an emergency that this ordinance be passed and take effect at the time herein prescribed.

NOW, THEREFORE, be it ordained by the City Commission of the City of Xenia, State of Ohio, four-fifths of all members thereto concurring—

SECTION 1. That the City Manager be, and he is hereby directed to assess and collect from time to time a water rent from said waterworks sufficient in amount to pay the expenses of conducting and managing said waterworks and to provide a surplus therefrom sufficient for the repairs thereof, the payment of the interest upon the issue of \$325,000 Waterworks Purchase and Extension Bonds of the City of Xenia, dated the first day of January, 1920, and for the creation of a sinking fund for the liquidation of said bonds.

SECTION 2. That for the purpose of providing the necessary funds to pay the interest on the issue of bonds herein referred to promptly when and as the same falls due, and also to create and maintain a sinking fund sufficient to discharge the said bonds at maturity, there shall be appropriated and set aside annually from the income of the waterworks department of the City of Xenia, after deducting the cost of all operating expenses, a sufficient sum, to-wit:

For each of the years 1920 to 1924, inclusive, the sum of \$10,000, and for each of the years 1925 to 1950, inclusive, the sum of \$11,000, for principal, and for each of the years 1920 to 1949, both inclusive, the sum of \$17,475 for interest; the said amount for interest purposes shall be reduced for each and every year after January 1, 1921, in such sums as is equivalent to interest upon the bonds the principal of which has been previously paid; and such sum shall be annually set aside until all of said bonds have matured and the interest thereon shall have been paid.

SECTION 3. That the said amounts so set aside for the payment of the interest and the principal of said bonds shall be placed in a separate and distinct fund, which together with all interest collected on the same shall be irrevocably pledged for the payment of interest and principal of said bonds when and as same fall due.

SECTION 4. That by reason of the emergency set forth and defined in the preamble, this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 15th day of April, 1920.

Girls! Buttermilk Creates Beauty Overnight

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic but the most wonderful thing about it is the fact that whilst it turns the dull-

est and most lifeless complexion to radiant beauty and makes red or rough arms snowy white yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

It is absolutely harmless and will neither produce or stimulate the growth of hair. Within twenty-four hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation. Manufactured at Buffalo, N. Y., by Howard Bros. Chemical Co., Sayre & Hemphill.

Col. Theodore Roosevelt Says

"It gives me great pleasure to endorse the candidacy of Leonard Wood. He is a man of fearless disposition and strikes out boldly for what he considers right. He is a man of proven experience as an administrator. He has demonstrated this ability in Cuba and in the Philippines. He has thought out on liberal and constructive lines the great economic problems we will need in this country in the coming decade. Under him I feel confident that the country will work forward to a very increasing influence and stability."

Governor Peter Norbeck Says

"I am for Leonard Wood because he has a constructive mind and has progressive tendencies. He is the Roosevelt of today."

"His work as a civil administrator in Cuba is that of a statesman. He brought the people out of chaos and created a nation based upon American ideals. He re-established agriculture, he built highways and railroads, remodeled the courts and established justice. He dealt vigorously and successfully with the profiteers. He created respect and good will for America that will insure to our benefit in the centuries to come."

Be sure YOU vote for Leonard Wood For President

At the Primaries, Tuesday, April 27th

How to Vote for Leonard Wood

If you want to vote for Leonard Wood for President at the primaries, April 27th, you must vote for his candidates for delegates-at-large, and his candidates for delegates and alternates in your congressional district. They will register your expressed will at the Republican National Convention, which will assemble in Chicago, June 8.

They are:

For Delegates-at-large—
(X) Edward C. Turner

(X) William H. Boyd

For District Delegates—
(X) Thomas B. Owen

(X) Ohmer Tate

For District Alternates—
(X) Edward K. Campbell

(X) Dr. Grant Marchant

On the preferential ballot put an X before the name of Leonard Wood.
On the delegate ballot put an X before the names of the candidates for delegates-at-large and the names of the district candidates for delegates and alternates mentioned above.

MORMONISM SUBJECT OF EVANGELISTIC TALK BY DR. BIEDERWOLF

"Every time the cost of sugar goes up a cent a pound two million dollars go into the coffers of the President of the Mormon church. And everytime you shake the salt over your eggs at breakfast you pay tribute to the Mormon church which controls the salt of the United States," declared Evangelist Biederwolf Wednesday.

Two great meetings were held in the Second United Presbyterian church, Wednesday, the afternoon address being on Mormonism and the night topic being "Regeneration." The meetings are drawing to a close and Wednesday night's crowd was like the incoming tide after the persistent rain. Over six hundred people heard the evangelist at the night meeting which was a Scriptural and logical presentation of the mystery of the new birth.

Thursday night at 7:30 Mr. Biederwolf presents his great sermon on the Second Coming of Christ. Friday afternoon at 2 he will talk on Christian Science.

One most regrettable feature of the meetings thus far has been the continued sickness of Dr. Joseph Kyle, the president of the Xenia Theological Seminary, who was re-

sponsible for bringing Dr. Biederwolf to Xenia and to whom Xenia is profoundly indebted for this great treat. Dr. Kyle's condition has prevented his being at a single service thus far and many prayers are going up that he may be permitted to enjoy the meetings before they close.

Speaking of Regeneration Wednesday night the famous Biederwolf declared that nature equips humanity with certain gifts and functions but only by the supernatural can man be granted anything beyond the

Some unwortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in blood—under a microscope the blood is thin and watery. The flesh is flabby too. Well known physicians assert that the regular administration for several months of three-grain hypo-nucane tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. natural. You can't turn flesh into spirit by cultivation and reformation and environment. You must have the power of the Holy Spirit to perform this otherwise impossible feat. Nature equips a bird for flying and a snake, for crawling, and a man for doing the ordinary things of his life. But when it comes to spiritual things a man must be given a new nature or there will be no response.

LEGAL NOTICE

Sealed bids will be received at the office of the City Auditor, Xenia, Ohio, until

12 O'clock Noon, on the 3rd Day of May, 1920

for the purchase of the following bond issues of the City of Xenia, Ohio:

Three Thousand Dollar Bonds, issued for the purpose of paying the share of said City for the extension of sewer districts Nos. 1, 2, 3, 5, and 6. Said bonds are to be dated April 1st, 1920, bearing interest at the rate of five and one-half per cent per annum, payable semi-annually in denominations of Five Hundred Dollars and mature Five Hundred Dollars, April 1st, 1926, and a like sum April 1st each year thereafter up to and including April 1st, 1931.

Twenty Thousand Dollar Bonds, issued in anticipation of the collection of special assessments for the extension of sewer districts Nos. 1, 2, 3, 5, and 6. Said bonds are dated April 1st, 1920, bearing interest at the rate of five and one-half per cent per annum, payable semi-annually; and are in the denomination of Five Hundred Dollars each and mature Two Thousand Dollars April 1st, 1922 and a like sum April 1st each year thereafter up to and including April 1st, 1931.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. All bids must state the amount of bonds bid for and the accrued interest to date of delivery.

All bids should be sealed and must be accompanied by a certified check payable to the Treasurer of the City of Xenia, Ohio, for three per cent of the amount of bonds bid for, upon condition that if the bid is accepted the bidder will receive and pay for said bonds within ten days of the time of award, said check to be retained by the City of Xenia, Ohio, if said condition is not fulfilled.

The successful bidder is to furnish the bonds without charge to the city therefor, and subject to the approval of the City Solicitor of Xenia, Ohio.

The City Commission reserves the right to reject any and all bids, and waive defects in bids in the interest of the City.

By order of the City Commission, Xenia, Ohio.

ing and a snake, for crawling, and a man for doing the ordinary things of his life. But when it comes to spiritual things a man must be given a new nature or there will be no response.

"You can watch a sheep and if it falls into a mud puddle it will keep clear away from the place the next

time in passing," said Dr. Biederwolf. "You cannot force it to get into the same predicament again. But take the hog and it hunts the hole and cries out 'what a fine place to wallow.' An unregenerate man will keep on falling into the same sin and court it. But the man who has Christ in his heart will

steer clear of the old cess pools of sin. The Bible talks about being dead to sin but a lot of you Christians are mighty lively corpses when you are in the region of the things of the world. And as for the unsaved man he hasn't even begun to live," he concluded.

LECTURER RETURNS TO XENIA FOLLOWING WINTER IN WEST

R. Hayes Hamilton, of this city, author of the famous Hamilton Travelogue lectures and pictures, has returned to this city from California where he spent the winter months, lecturing and arranging new lectures. He will leave soon for Washington, D. C., where he expects to spend the summer.

While in California, Mr. Hamilton delivered twenty-five lectures, speaking at Mills College, a girls school at San Francisco; the Mission Inn at Riverside, Cal.; the Hotel Raymond, Pasadena and the Hotel Del Coronado, at San Diego, besides lecturing in Los Angeles, Oakland, La Jolla and other California cities.

While in San Diego Mr. Hamilton prepared a lecture on "San Diego First" which will advertise that city over the country, and he also prepared a new lecture to be known as "California and the Missions." Among his pictures will be scenes taken at St. Gabriel, where the Mission Play is in progress during the winter months, Frederick Warde, great tragedian, and now an aged man, playing in the principal role of Fr. Junipero Serra. Among the pictures is one of Mr. Warde in costume. Mr. Hamilton and John Stephen Groarty, who wrote the Mission Play, One hundred people are in the cast.

While in San Diego last week, Mrs. Hamilton was the guest at an affair given for the Prince of Wales during his brief visit there, by Mayor and Mrs. L. J. Wilde of San Diego. Mrs. Wilde is Mr. Hamilton's cousin. During the visit of the Crown Prince he secured some excellent photos of his Majesty.

Mr. Hamilton stopped at El Paso, and Fort Worth, Texas, while on his way, and also at Indianapolis.

BAD COUGH; NIGHT SWEATS; LOST WEIGHT

Mr. Coleman thought his time had come. But he's well now.

"I was taken with a dry, hard cough about 6 months ago. Finally I got so sore across the chest I could hardly breathe; had night sweats so bad everything would be wringing wet, and coughed continually until I thought it would kill me. Had no appetite, spent over \$100 on doctors and medicines, and was worse off than when I started. "The first bottle of Milks Emulsion did me more good than all the \$100 spent for other treatment. It soon gave me a good appetite, my cough left me, and I have regained the flesh and strength I had before I was sick."—Arthur Coleman, Box 391, Helena, Ark. You need an appetite, a good stomach, and some real strength if you want to fight off disease. Give Milks Emulsion a trial at its maker's risk. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Woman 80 Years Old

Says she owes her wonderful health to Vinol, our Cod Liver and Iron Tonic.

Wooster, O. — "The gripe left me in a weakened, run-down condition. Doctors had given me their best tonics without effect. As I have depended on Vinol to build me up every spring for the past nine years with such good results, I tried it. My appetite improved, my strength came back so I am not only taking care of my household duties, but direct the management of two large farms. I tell all my friends to use Vinol when they need strength." — MRS. MARTHA SICKLES. Women who are run-down, nervous, lack energy and working strength should take Vinol as it contains Beef and Cod Liver Peptides, Iron and Hypophosphites, the very elements needed to restore a lost appetite, enrich the blood and create strength.

Mrs. Craig stated the case a few days ago at H. H. Eagon's drug store, Newcomerstown, in the following grateful and convincing words:

Nerv-Worth Co.—After I had measles they left me nervous and dizzy. I saw the ad in the Newcomerstown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

MRS. E. M. CRAIG. Guernsey, Ohio, R. F. D. 1. Druggist Eagon adds the following to what Mrs. Craig said: "Mr. Craig was also benefitted very much while taking Nerv-Worth for after ailments of the flu."

FAITH

Good Old Fashioned Faith —That's What The World Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?

Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.

We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

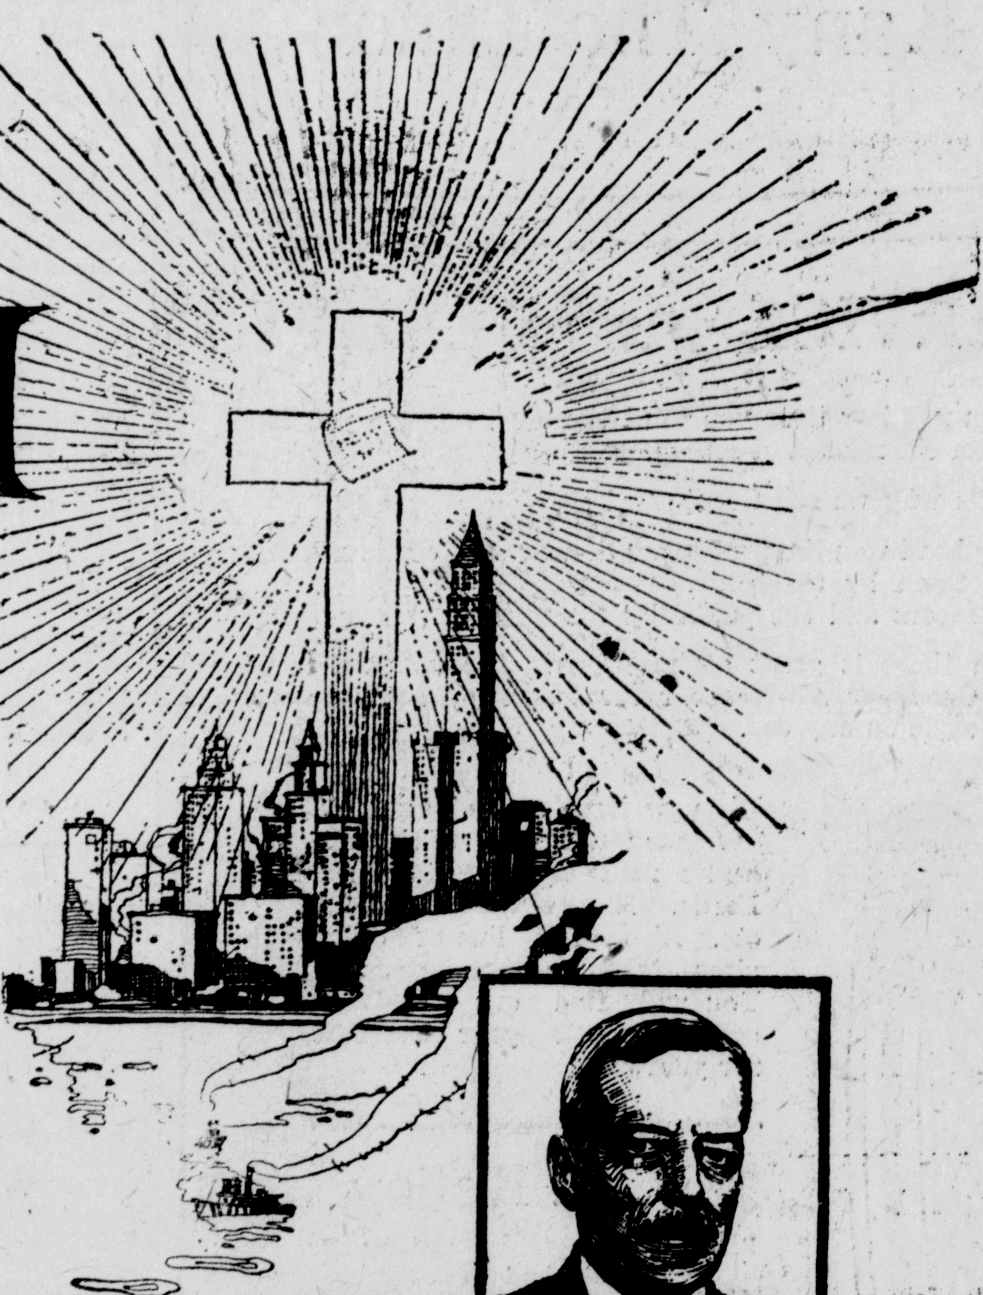

To strengthen the Church is our first great task; out of the Church flows Faith.

April 25th
to
May 2nd

The INTERCHURCH World Movement of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations

To bring men back to the spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

ROBERT LAWSON, Chaplain Gen. Assn. Interchurch World Movement

The only real and permanent solution of the world's problems which seem more acute than ever since the end of the World War is the application of the Golden Rule.

JOSEPHUS DANIELS, Secretary of the Navy

The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

W. B. WILSON, Secretary of Labor

For our own sakes, for our children's sakes, for the nation's sake, let us business men get behind the churches and their preachers! Let us from this very day give them more time, money and thought for upon them the value of all we own ultimately depends.

FLU AND MEASLES AFTER EFFECTS WERE BANISHED

Nerv-Worth Did the Work for Mr. and Mrs. Craig, Guernsey, Ohio, R. F. D. One.

Mrs. Craig stated the case a few days ago at H. H. Eagon's drug store, Newcomerstown, in the following grateful and convincing words:

Nerv-Worth Co.—After I had measles they left me nervous and dizzy. I saw the ad in the Newcomerstown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

MRS. E. M. CRAIG. Guernsey, Ohio, R. F. D. 1. Druggist Eagon adds the following to what Mrs. Craig said: "Mr. Craig was also benefitted very much while taking Nerv-Worth for after ailments of the flu."

Your dollar back if Nerv-Worth does not do for you what it did for Mr. and Mrs. Craig. Sayre & Hemphill sell Nerv-Worth in Xenia.

Good Old Fashioned Faith —That's What The World Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?

Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.

We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

To strengthen the Church is our first great task; out of the Church flows Faith.

The INTERCHURCH World Movement of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations

To bring men back to the principles of the Christian religion is the first step in the reconstruction of society, and to teach men to love their neighbors as themselves is the first step to which the church is called.

ROBERT LAWRENCE, Chair's Gen. Conv., Interchurch World Movement

The only real and permanent solution of the world's problems which seem more acute than ever since the end of the World War is the application of the Golden Rule.

KARLOS DAVILA, Secretary of the Navy

The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

W. E. WILSON, Secretary of Labor

For our own sakes, for our children's sakes, for the nation's sake, let us business men get behind the churches and their preachers! Let us from this very day give them more time, money and thought, for upon them the value of all we own ultimately depends!

SUNDAY SCHOOL ASSOCIATION WILL MEET NEXT TUESDAY

Officers of The Ohio Sunday School Association will be among the speakers at the annual convention of The Greene County Sunday School Association which will be held at the First United Presbyterian church, Tuesday, April 27.

A. T. Arnold, secretary, and Herbert C. Mayer, adult superintendent of The Ohio Sunday School Association, will be the speaker representing the state organization. Judge Alexander Boxwell, of Warren county, will also be a speaker.

YOU CAN'T RUB RHEUMATISM OUT

Says W. M. Glenn of Carbon, West Virginia.

"Too much praise cannot be given to Prescription C-2223, because it is all you recommend it to be and much more. It is true you can't rub rheumatism out, but Prescription C-2223 will drive it out. I was a sufferer from rheumatism and took only one and a half bottles of the \$1.50 size. Now I never feel the misery that tortured me all day long."

This man is right. While rubbing and poultices may ease the pain sometimes, it takes internal treatment, something that will drive the poisons out of the blood.

Such a preparation is Prescription C-2223. You can depend on it to relieve you because it was originally prepared and used by a doctor in his private practice. The treatment gave his patients, satisfying benefit and it has since brought health and happiness to thousands.

Prescription C-2223 contains no Mercury, Chloral, Strychnine, dangerous or habit forming drugs. Your money will be refunded if two \$1.50 bottles do not give you relief.

Before taking Prescription C-2223, you should stimulate the secretions of the liver and regulate the bowels by the use of 2223 Liver Pills. This vegetable cathartic will not make you sick or gripe.

If you suffer with rheumatism, lumbago, sciatica or a neuralgic condition, begin taking this guaranteed treatment. Should it happen that your druggist won't supply you, a \$1.50 bottle and a box of the Pills will be sent you postpaid on receipt of \$1.75. Write Dept. 129, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and free sample of the Pills.

Notice For Parole

Notice is hereby given that Walter Hooks, 1731, a prisoner now confined in the Ohio Penitentiary has been recommended to the Ohio Board of Clemency, by the Warden and Chaplain, as legally eligible to a hearing for Parole. Said application will be for hearing on or after May 18, 1920. W. I. BISHOP, Chief Clerk 4-7,14,21

The morning session will open at 9:30, with devotions led by the Rev. D. D. Dodds, pastor of the convention church. The secretary's report will follow, and next on the program will be an address by the Rev. J. V. Robinson, pastor of the M. E. Church at New Jasper, on the subject, "Observations of Greene County Rural Survey." Committee appointments and roll call by townships will be next on the program.

At 11 o'clock Herbert C. Mayer will talk on "The Organized Class at Work."

The Rev. H. C. Crowell, pastor of the Lutheran church at Osborn, will lead the devotions at the afternoon session, opening at 1 o'clock. The first number on the program will be an address by A. T. Arnold, secretary of the Ohio Sunday School Association, on "The Sunday School Superintendent."

The next address on the program

will be by Judge Boxwell, on the topic "Value of Trained Teachers." In the evening Mr. Mayer will address the gathering on the theme "Lessons for Young People," and Mr. Arnold's talk will be regarding "Workship in the Sunday School."

BY GOLLY! IT'S A SHAME!

Why Don't You Take "Cascarets" for Your Liver and Bowels and Feel Cheery, Fit and Fine?

Cascarets end biliousness, headache, colds, and constipation so gently you're never even inconvenienced. There is no gripping and none of the explosive after effects of cathartics like Calomel, Salts, sickening Oil or cramping Pills. Why don't you take Cascarets and get rid of the bowel and liver poison which is keeping you miserable and sick? Cascarets cost little and work while you sleep.

Fine Cocoa Mats

SUNDAY SCHOOL ASSOCIATION WILL MEET NEXT TUESDAY

Officers of The Ohio Sunday School Association will be among the speakers at the annual convention of The Greene County Sunday School Association which will be held at the First United Presbyterian church, Tuesday, April 27.

A. T. Arnold, secretary, and Herbert C. Mayer, adult superintendent of The Ohio Sunday Schools Association, will be the speaker representing the state organization. Judge Alexander Boxwell, of Warren county, will also be a speaker.

YOU CAN'T RUB RHEUMATISM OUT

Says W. M. Glenn of Carbon, West Virginia.

"Too much praise cannot be given to Prescription C-2223, because it is all you recommend it to be and much more. It is true you can't rub rheumatism out, but Prescription C-2223 will drive it out. I was a sufferer from rheumatism and took only one and a half bottles of the \$1.50 size. Now I never feel the misery that tortured me all day long."

This man is right. While rubbing and poultices may ease the pain sometimes, it takes internal treatment, something that will drive the poisons out of the blood.

Such a preparation is Prescription C-2223. You can depend on it to relieve you because it was originally prepared and used by a doctor in his private practice. The treatment gave his patients, satisfying benefit and it has since brought health and happiness to thousands.

Prescription C-2223 contains no Mercury, Chloral, Strychnine, dangerous or habit forming drugs. Your money will be refunded if two \$1.50 bottles do not give you relief.

Before taking Prescription C-2223, you should stimulate the secretions of the liver and regulate the bowels by the use of 2223 Liver Pills. This vegetable cathartic will not make you sick or gripe.

If you suffer with rheumatism, lumbago, sciatica or a neuralgic condition, begin taking this guaranteed treatment. Should it happen that your druggist won't supply you, a \$1.50 bottle and a box of the Pills will be sent you postpaid on receipt of \$1.75. Write Dept. 129, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and free sample of the Pills.

EAST END NEWS

Little Cora Lewis who had only been well a few days from the grip, is ill in bed again with appendicitis. W. H. Fishback sold another one of his East Second street properties Tuesday to Mr. Alexander Rice and Mr. and Mrs. William Ward. The consideration was \$750 cash, and the sale was made through the agency of W. S. Rogers. This property is now occupied by Mr. Bethel Corbett and family, but Mr. Rice will move into it about the middle of next month.

A Women's Booster meeting will be held Friday at 7:30 p. m. at Lincoln school. All women interested in the welfare of our schools are urged to be present.

There will be given at Zion Baptist church Sunday night a sacred concert. A very catchy program is arranged.

Mrs. Chas. Lewis, of East Main street who has been very ill is slowly improving.

Word was telegraphed here yesterday of the death of Mr. Robert Leach of Chicago. He was well known here; reared and educated in the public schools of this city. He was a brother of the late John W. Leach who was mail carrier for many years here. His sisters, Mrs. Maggie Will-hite and daughter, Julia, also Miss Eva Leach and niece, Flora, left last night. No particulars of his death were mentioned.

Home Department class No. 3, of the Zion Sunday school will meet Sabbath afternoon at the home of Mrs. Emily Lawrence.

Mrs. J. H. Massie of Louisville, Ky., returned home after a week's visit with her parents, Mr. and Mrs. B. E. Hart of East Church street. Rev. Massie is pastor of one of the leading Methodist churches in that city.

FUNERAL SERVICES HELD FOR BARNETT G. MOORMAN

Funeral services for Barnett G. Moorman, were held at the home of his son, Edmund C. Moorman, on North King street, Tuesday afternoon at two o'clock. The services were in charge of Rev. D. D. Dodds, assisted by Mrs. Della Newlin, of Selma.

Burial was made in a flower lined grave in Woodland. The pallbearers were three nephews, William Lewis, Clyde Bangham and Emory Oglesbee and Charles Driggins, Jesse Starbusk and G. Y. Winter.

EVERYDAY ETIQUETTE

"I wish you would tell me how to eat different kinds of fruit when they are served?" asked Helen.

"Peaches are quartered, the quarters peeled, then cut into mouthfuls and transferred to the mouth by the fingers. Apples, pears and nectarines are treated the same way," said her mother.

"What is the proper explanation to make when an engagement has been broken after wedding gifts have been received?" asked Gladys.

"The bride elect should return the gifts to the givers, with a note saying:

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE

OVER RHEUMATISM

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges. Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

ASK NEW COAL BIDS.

Washington, April 22.—The navy department has requested additional bids on coal. Secretary Daniels announcing in a circular letter to operators that the department had rejected most of the bids opened last week. These covered less than one-fourth of the 2,300,000 tons of bituminous coal required and showed price increases up to \$1.42 over the fixed price discontinued on April 1.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

LEGAL NOTICE

Sealed bids will be received by the City Commission of the City of Xenia, Ohio, at the office of the City Auditor until 12 O'clock Noon on the 3rd Day of May, 1920

for furnishing the necessary labor and material for the extension of sewer districts Nos. 1, 2, 3, 5, and 6

The work consists of laying approximately fifteen thousand feet of six and eight inch vitrified sewer pipe.

A bond satisfactory to the City Commission will be required of the successful bidder in the sum of five per cent of the estimated cost of the work. Each bid shall be accompanied by a sufficient bond or certified check in a sum equal to five per cent of the amount of the bid submitted.

Each sewer district to be extended shall be bid upon separately, and all bids must state the price of labor and material separately for each item in the schedule of quantities.

The City Commission reserves the right to reject any and all bids, and waive defects in bids, in the interest of the City.

Blank forms for bids and instructions to bidders can be obtained from Kenyon Riddle, City Manager, City of Xenia, Ohio.

By order of City Commission, Xenia, Ohio.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS
A MODERN STORY OF HOME AND BUSINESS

HAPPINESS

Chapter 110

"What happened, Robert?" I asked as I finished putting dinner upon the table.

"Why one of the clerks proposed we make a showing for children, just sporting goods suitable for young boys—and girls also. We fitted up one of the windows, and it wasn't long before fathers and mothers came in with their kids. The old man," (as Robert always spoke of his employer, without, however, meaning any disrespect) "wanted to know what I thought of making it a sort of a feature, we're going to talk it over in the morning. Kid wax works dressed up, et cetera."

"But what I was getting at was that you were right in your theory that we could always learn. This fellow is only about 17, been in the store only a short time, and none of us gave him credit for being over bright. He we have learned that it pays to cater to kids. In one day, too—and all through him."

"My, what a long speech for you, Bob!" Come on, I have dumpings tonight."

Ever since Robert had given his consent to my plan, I had taken more than my usual pains to have the house clean and dainty, the meals well cooked, and the food he even once that I neglected him for my work, or that he knew I could not do both well.

"Let's start keeping books, Robert. I think we should now that

we are both earners. Let us try to save all we can and still be comfortable."

"I now had another plan in my mind, almost before I had tried the present one. But it was a plan for the future, perhaps a distant future, and would take money."

"All right, Gerry, anything to please you. But dear, I don't want you to go without pretty things—like you used to have—to save out of what we earn."

This was almost an obsession with Robert—this idea that to be happy I must have the same sort of clothes I wore when I was head saleswoman in a fashionable shop, where they were part of my necessary equipment. But like most men, he had no idea of the real cost of women's clothes; so as long as I could look stylishly dressed, he would be satisfied.

"I will try to look, so you won't be ashamed of me," I laughingly assured him.

I did not explain that that one gown—an "ultra" one, perhaps for my house gowns when at home, simple dainty affairs I made myself, wouldn't cost me anything like what my shop wardrobe had cost. He would be sure to think I was doing without to save. So I proposed:

"Every three months we'll compare our accounts. You'll be surprised how much we can save if we try," I told him.

"Remember, I pay all house expenses."

"Don't worry, dear! I have a

scheme of my own for my money. I'll only buy my clothes, and the rest I will put away."

"As I look back, I think that Robert and I were just beginning to know each other at this time, just beginning to appreciate each other, nothing seemed hard any more. I almost forgot that I was nearly lost Robert, his love. And he was so happy, so contented with our simple way of living."

"It seems too good to be true. Gerry," he said one night, as he settled himself with his pipe and evening paper. "Talk about dreams coming true—why, this is better than ever I dreamed, and I did a lot of dreaming!"

"We are happy, aren't we?" stopped washing dishes long enough to press my lips to his hair. When I would not allow him to help me he always sat in the kitchen and smoked until I had finished. He declared he was lonesome in the other room alone.

Often we visited the girls and had them with us in the evening; alone and spent the evening reading aloud, talking over his work at the store his idea of making the business of his employer more successful.

Of my own work I said little. I had not forgotten how he claimed a woman could not forget the business part of her life if she were a business woman; and one part of my plan was to efface my business from our home life.
